### values

#### PRESERVE AND CARE

Our ultimate goal is to create sustainable value for society and for all our stakeholders, minimizing the environmental impact of our activities. We're achieving this through our policies, our products and our sustainable production process, which distinguish us in the industry as one of the leading environmental companies.

#### THINK ABOUT THE CLIENTS AND SURPRISE THEM

We're a customer-oriented company. Our commitment is to be able to exceed your expectations through excellent service and customization of our products to suit you. We want working with Ofita to always be the best experience for our clients.

#### DARE TO DO THINGS DIFFERENTLY

Innovation is one of the engines that drive our daily activity. We are constantly looking for products and services that anticipate new customer needs and differentiate us from our competitors. And we achieve it by being agile and adaptable.

#### BEING VERY GOOD ISN'T ENOUGH TO ACHIEVE OUR GOALS

Each one of us seeks to exceed the growth objectives of the Company, as a way to guarantee its sustainability and the future of all its stakeholders. And to achieve this, we only undertake one path: Excellence in everything we do.

#### BUILD A BETTER FUTURE

Respect for our environment is a value that distinguishes us as a company. The responsible behavior of all of us who make up Ofita is an inalienable guide to action that extends through our products, services and relationships.

#### LIVE OUR VALUES WITH ENTHUSIASM

The value of Ofita is the value of the people who work in the company. We form a team committed to cultural values that define us.

#### THINK GLOBAL

We are an international company with a global vision. Internationalization is our way of growth and a guarantee for the future.

let's  
**work  
together**
